Home Farm House

More than just a B&B

Our House, Your Big Day ...

You will have enough to think about as your wedding day approaches; so let us take some of the stress and strain.

WEDDING:

"The act or an instance of joining closely"

There is no such thing as a generic wedding; and yours will be as unique as you are. There are several ways that we can assist you, both in the planning phase and on the actual day. Each wedding experience is different, and we offer a truly bespoke service, so even if it's not mentioned here, do contact us and together we can make sure that you have the most memorable and special celebration.

By using Home Farm House as your base, you have access to 5 en suite rooms (allocation of your choice), a breakfast room and guest lounge. On your wedding eve you and your bridesmaids, friends or family can arrive, store the all important dresses etc. relax and unwind, have a long luxurious bath, a glass of wine and some time to collect your thoughts.

On your wedding day, after the breakfast of your choice; we can take delivery of your flowers, set up a room for your hairdresser, another for your make-up professional and give you the space to get ready in a calm environment. Your photographer is welcome to use all parts of the house for the all important 'getting ready' pics and we can supply light refreshments for you and your party so that you are set up for the day.

When you return after your reception, the magic elves will have been at work and your rooms will all be tidy, your bathrooms spotless and a calm welcome will await you to finish off this most special occasion.
